

ARENA CONTRACT AWARDED

Vollan Construction gets job

St. Albert Town Council at a regular meeting Monday evening, decided to enter into a contract with Vollan Construction for the erection of a covered natural ice rink. Cost of the project was not disclosed, as no final figure has been agreed upon. Councillor Armand Donais voiced objection to the fact that the plans for the arena had never been submitted to council and he pointed out that the arena had gone to tender with specifications only available and that no drawings had been prepared. It is estimated the arena will take four months to complete. Earlier in the meeting council received a letter from councillor J. J. Bakker who is presently on a 4 week leave of absence. Mr. Bakker brought to the attention of council certain omissions in the minutes of the special council meeting at which it was decided to go ahead with the arena in spite of a petition bearing more than 250 signatures. Council, however, adopted the minutes as circulated and no corrections or additions were made.

SCHOOL REQUISITIONS

At the June 28th meeting

council moved to appeal the supplementary requisitions which have more than doubled this year. Before an appeal can be launched council must first meet with both school boards and review the budgets with the trustees. Council is not at all anxious to proceed with this step as it was never the town's intent to, as Mr. Donais put it, "haul the school boards' over the coals," but rather to protest the operation of the Foundation Plan. Council will hold a special meeting in August to discuss the matter further. Secretary treasurer, Mr. John Fleming advised council that notice of an appeal must be given to the school boards within 60 days of receiving supplementary requisitions. (These were received June 20th and June 24th).

COUNCIL BRIEFS

St. Albert Welfare Worker Mrs. J. Bertsch was appointed as the town's representative to the Sturgeon Foundation Board.

Building-inspector Mr. Lloyd Abram reported it will cost about \$1,800. to weather proof the curling rink. This was referred to the next

budget meeting.

Three readings were given to the by-law providing for the adoption of last year's assessment roll for 1967 taxation purposes. The mill rate is expected to be struck at the next council meeting.

A by-law authorizing a 8% penalty on unpaid current taxes was given 3 readings and carried. This means if a person is taxed at \$300, and the tax is not paid in 30 days, he will then owe the town \$324. Another by-law, to impose an additional 8% (of \$324, using this example) after December 31 was lost.

A letter from the City of Edmonton was tabled until more information could be obtained. The city requested that when the 1968 census is taken in January, St. Albert residents be asked to answer

some 8 additional questions. This information is needed for a "origin destination" traffic study Edmonton is conducting. On the list are such questions as where employed and at what time do you leave home. But Mayor Fowler wonders what "family income" has to do with a traffic study, and suggests maybe Edmonton wants to find out "how wealthy a community we are" with a possible view to annexation. Edmonton would pay for extra costs incurred for taking this survey.

Local girl wins top marks

Catherine Goodkey won the highest marks in the city of Edmonton in her grade 3 music exams for the Western Board of Music, University of Alberta.

Mrs. Lillian Upright is Miss Goodkey's teacher. Other pupils of Mrs. Upright who successfully passed their western board music examinations are:

Holly Nickerson, grade 8, her sister Patricia in grade 7 and Kerry Cassidy, grade 7

Mrs. Upright has taught all four students since they first started taking lessons. She teaches a total of 15 pupils.

Expo Bound

Last night some 35 excited St. Albert teenagers boarded a C.N.R. train for Expo! The students, 23 girls and 12 boys attending grades 9-12, are accompanied by three teachers, Mrs. Koryluk, Mr. Fairburn and Mr. Geddes. They will stay at special student cabins located 20 miles outside Montreal. School buses will take the youngsters to and from the Expo site. The St. Albert group will have seven full days at Expo, returning home August 5. Mr. Geddes said his group is probably the only student group to travel in style as they were able to get a sleeping car, at NO extra cost! Cost per student is \$135, which includes transportation, all meals and an Expo passport. Mr. Geddes said he felt that going through the Foreign Pavilions at Expo would be the next best thing to visiting all these different countries.

Around Town

Good luck to Arla Barry and Judy Crozier of St. Albert district who are competing with twelve other young women for honours as Alberta Dairy Princess. Judging begins Tuesday and continues through Friday, July 28th at Klondike Days and there are some grand trips and awards for the winner.

Mayor Richard Fowler presents a photograph to Mrs. John Belcourt in recognizing her as a descendent of the Rowland family who were settled in St. Albert 100 years ago. Mr. Jim Drysdale whose centennial project is presenting a picture of our community as it was in 1867, looks on. (See Historic St. Albert column this issue). Gazette Photo.

Visit Legal this week-end

Flap-jacks a la canadienne will open the two-day festival Fete au Village in Legal on Saturday morning at 8:30, followed by a big parade at 10:30 under marshal Marcel Dube. The Honourable Fred Colborne, minister of public works and Mr. E. T. Wiltshire, provincial supervisor of public libraries will officially open the Legal Arena and the Library at 11:15 and 11:45 respectively.

Other guests of honour at the celebrations will include Bishop Philippe Lussier of St. Paul, MLA Keith Everitt and mayors, reeves and councillors from neighboring centres. Following the Fete au Village banquet at 12:15 a full round of festival activities gets underway with gymkhana events, base ball tournament, with eight strong teams, midway, games and rides and band-shell variety entertainment on the go all afternoon.

Sizzling barbeque steaks are the order of the day at

5 o'clock both Saturday and Sunday and everyone will want to be at the crowning of the new Melle Fete au Village at 8:30 Saturday night, followed by the big dance where Klondike finery will add to the fun.

Citadel Park will again be the scene Sunday afternoon of more entertainment when the Petits Chanteurs du Cap-de-la-Madeleine perform at 12:30 and the Centennial Singers from Quebec will be featured at 2:30. A coffee party at Chateau Sturgeon goes at 3 o'clock. After the barbeque the baseball finals begin at 6 and Eddie Keen's orchestra, vocalist and Philippine Dancers will entertain at 7 p.m. A brilliant display of fireworks closes the festivities at ten o'clock.

Legal is extending an open invitation to everyone in the Sturgeon Valley to come and join them in their annual summer festival this week end.

MAYOR'S COLUMN

Thank you residents of St. Albert for your cooperation in overcoming what could have become a serious water problem last week. I am pleased to advise you that our reservoirs are now back up to a normal level and the requested ban on watering lawns and gardens can now be lifted.

Some of you may recall reading last week in the Edmonton Journal that the city engineering department stated that there were no water problems in the city of Edmonton, however, the communities of St. Albert and Sherwood Park were affected. I would like to correct this and advise our residents that any short lived water problem that we had in St. Albert most certainly was caused by a problem which existed in the north end of Edmonton.

The main waterline which brings water to the town of St. Albert has its origination at the reservoir in north Edmonton, located on 137 Ave. There is no problem whatsoever in pumping

enough water to St. Albert so long as the city keeps 40 lbs. pressure at the reservoir in Edmonton. During the week that we asked St. Albert people to curtail their water use the city could not keep any more than 25 lbs. pressure at the reservoir. In order to pump enough water into St. Albert for our use, it is absolutely necessary that 40 lbs. pressure be maintained at Edmonton and when this pressure drops severely, as it did last week to 25 lbs. or even 20 lbs., it then becomes impossible for our pumping equipment to pump enough into St. Albert to keep the reservoirs full. There is an old adage which states "It's an ill wind that blows no good." This might be applied to our temporary water problem last week in that it has shown certain inadequacies in our present agreement with the city of Edmonton re. water supply. The main problem we encountered is simply that our agreement with Edmonton

"Perron" street it is!

An error of 82 year's standing is to be corrected by the Town of St. Albert when council makes it official that Perron Street is the proper spelling of the main thoroughfare presently written Piron Street. It was councillor Richard Wheatley that instigated the investigation on the street name some months ago.

Mr. Sid Billings has been tracing the matter through Father Emile Tardif, OMI, author of the historical book "St. Albert." Father Tardif reports that the original intention when the 1885 survey was being done was to name

the street for Mr. Fleury Perron, father of Eugene Perron, who owned a large store on the street. Fleury Perron also took an active part in community affairs and was prominently known in the district. However, the person doing the survey sketch marked in "Piron" instead of "Perron", probably through a pronunciation error since he was English speaking.

Council voted Monday night to have the necessary by-law prepared to enable them to officially correct the spelling to "Perron" Street.

PTE. CHESTER PERRAULT
Private Chester Perrault, son of Mr. and Mrs. Emory Perrault, 5 St. Michael, St. Albert, will be appearing with the Alberta Armed Forces Caravan during its centennial tour of the province in August and September. Private Perrault is a member of the first battalion, Princess Patricia's Canadian Light Infantry. The show opens in Spirit River August 2nd.

Around Town

Mrs. Don Cameron of 22 Granite Avenue won second prize in the Westmount Employees Klondike costume contest.

Eighty-two ladies entered the contest which was held July 22nd. Mrs. Cameron made the outfit herself, including the robe and net hat, lace trimmed purse and lace gloves. She even drafted the pattern herself. The dress features a completely removable, net-filled ruffled back panel.

St. Albert's contribution to the Klondike Days Sunday Promenade in Edmonton was a huge success according to our unofficial poll. Our players put on a "really big show" for our cousins to the south and we should be very proud to know that such talent exists in St. Albert.

Mrs. Shirley Martin deserves great credit for her efforts in co-ordinating the show, and she may be assured that they were much appreciated.

VISIBLE EVIDENCE

A woman at a meat counter was struggling to hold a dozen large packages of hamburger. A passing friend offered her a small empty can. "Oh, no, thank you," she said. "I might explain that I have been on a diet and have lost 10 pounds, and I was trying to see how much that really was."

A.E.T.A. RESOLUTION:

Moved that - WHEREAS The School Act requires that there be approximately 300 teaching days each year, and

Short work week may mean trouble

The short work week may cost B.C. \$240 million a year according to Electrical Contractor & Maintenance Supervisor, Leading industrialists and business men in British Columbia are warning that the introduction of a 37 and 1/2 hour work week will result in an annual wage increase of between \$240-\$360 million in the province. The shorter work week will mean a drop in living standards if there is no corresponding increase in productivity, and a freeze if there is a matching increase in productivity. This prediction, from a report issued by the Commercial and Industrial Research Foundation, is based on last year's 7.8% increase in wages against only a 2.6% increase in productivity.

WHEREAS the holiday known as Farmers' Day is not recognized by the farming industry as a whole, and

THEREFORE BE IT RESOLVED THAT all school jurisdictions have the option of observing or not observing Farmers' Day as a school holiday.

SENIOR CITIZENS
On Friday, July 21 the Senior Citizens of St. Albert held their "Klondike Koncert" at the Youville Home. Despite the pouring rain there was an excellent turnout with almost everybody in elegant Klondike costume. Entertainment was provided by pupils of the Donna Martinsons Dance and Baton School and the Duplessis Band. These two groups came from Edmonton and entertained with dances, baton-twirling and singing. Twenty-four Senior Citi-

zens attended from Edmonton as well as Mrs. Noecharron and Mrs. Cyr who are here by courtesy of the centennial committee of Hull Quebec. These ladies brought greetings from the Senior Citizens of Quebec. Mrs. Duplessis organized the entire programme and refreshments were graciously served by the Youville Sisters.

Mayor's

Continued from Page 1
calls for the supply of one million gallons of water per day, pumped at a rate which would call for approximately 24 hour pumping from Edmonton. There is, however another clause in the agreement which indicates that the town of St. Albert is entitled to pump only between midnight and 6:00 a.m. Without pumping equipment operating at 100% efficiency and the city maintaining 40 lbs. pressure at their reservoir it is an impossibility to pump 1,000,000 gallons a day into St. Albert and we will therefore have to renegotiate these items with the city as soon as possible.

Instead of cutting the water supply right off to any section of St. Albert during this short period, we took action to reduce the pressure, which in turn caused a reduction in water consumption. It is my sincere hope that this action, during the time which it was employed did not cause too great an inconvenience to those most affected by the reduction in water pressure.

Your mayor and council are aware of the need in the very near future of a second water line from the city of Edmonton, however, before we finalize anything in this regard it is our hope that the government will have made a decision as to the location of Alberta's fourth University. You can realize I am sure, the possibility of major savings to the town of St. Albert if we were able to co-operate and bring out a line which would jointly serve the town of St. Albert and the university area should it be located in the St. Albert district. We are continually urging the government and other interested bodies for an early decision regarding the location of the new university. When one considers the requirement of approximately 600 acres of open space for a new university, they will also realize that the chances

SECRETARY MEETS THE BUSINESSMEN

Jack Fleming, new secretary-treasurer of the Town of St. Albert, was given the opportunity of meeting the business community at a luncheon held Tuesday noon at the Club Mocombo, to which all local businessmen were invited.

Following an introduction by Mayor Richard Fowler, Mr. Fleming spoke briefly.

Mr. Fleming will move his family from Hinton soon to their home on Grandin Road.

Bride feted at shower

Miss Marilyn Kittlitz, whose marriage to Mr. Dean Bosvik was an event of Friday July 7th at St. Albert United Church, has been feted on several occasions prior to her wedding.

Hostesses Miss Susan Kaupila and Miss Mary Anne Shalagan each entertained at delightful showers in their homes. A community shower and dance was held for the bride and groom by his many friends. Marilyn's Aunt of Fort Saskatchewan was hostess for a very lovely shower there, attended by old friends of the bride's family. Mrs. N.

Kelly and Mrs. A. Sollanych both entertained in her honour also.

AEROBATIC TEAM ON TOUR

The Golden Centennaires Canadian Armed Forces Aerobatic Display team will be slicing through the skies in more than 100 performances from coast to coast during Centennial year, including the opening of the Pan-American Games in Winnipeg on July 23rd. They will appear in Edmonton on August 5th and in Red Deer August 7th.

NOTICE TO RESIDENTS

Effective immediately the Town's Nuisance Grounds will be open daily, including Saturdays and Sundays, between the hours of 12:00 noon and 9:00 p.m.

There will be an attendant at the Grounds during these hours who will be in charge of disposal procedures and the residents disposing refuse at the Nuisance Grounds will be required to follow the instructions of the Attendant. The Attendant will be responsible for maintaining the Grounds in a neat condition and the co-operation of the residents is requested. Disposal of refuse after these hours at the Nuisance Grounds is prohibited and under no circumstances is it permitted to dispose of refuse in the ditches along the road.

It is hoped that these measures will greatly improve the appearance of the Nuisance Grounds.

the Gazette REFLECTS

Councillor Wheatley's suggestion that the Town investigate the proper name for Piron Street was most appropriate in our centennial year. It will be a source of satisfaction to a great many people of St. Albert and district that the street will soon bear the proper name of "Perron" after Mr. Fleury Perron.

Among his many contributions to the early life of our community, store keeper Perron was elected to the first village administration as a Councillor when St. Albert was incorporated as a village in 1904. He will also be remembered by oldtimers here for operating a thirty-foot excursion boat on the Sturgeon River and Big Lake in 1912. The boat was later sent to Lac Ste. Anne where there was more water. A further business venture saw him build a brickyard on the north river road in the year 1903.

It is fitting that all confusion on spelling and pronunciation will be swept away and this and future generations of people here will remember one of our enterprising pioneers when they come to PERRON Street.

Farther Afield

Last Friday the giant Gardiner Dam near Elbow, Saskatchewan will be dedicated and some 20,000 people are expected to take in the full day's program arranged for the occasion. Prime Minister Pearson and Premier Ross Thatcher will unveil a memorial cairn as the official act of dedication of the mighty project. The event, planned as a family day will feature a mammoth outdoor barbecue.

Help is on the way from south of the border for those social outcasts who squeeze the family toothpaste tube from the top. A new foil-lined polyethylene tube by American Can Company is "squeezeable from the top", and should be on the market by year end.

The City of Red Deer has been "twinning" with Capde-la-Madeleine, Quebec, in this Centennial year and Red Deer visitors to Expo will be welcomed there. A delegation of Red Deer people left yesterday for their twin city and Expo, and in August Red Deer will welcome thirty couples from Capde-la-Madeleine during the Red Deer Exhibition.

His own re-election may be in doubt.

An elected member should be able to vote for legislation on its own merits and a government should not be forced to resign simply because a bill is defeated on the floor of the house. It is also time that we discarded votes of confidence, the people should decide who is to govern and they have ample opportunity to do so at election time. The freedom of the elected member to vote as he sees fit would be restored and many bills which are now passed would receive stronger scrutiny.

The need for a constitution for this country of ours is becoming more apparent every passing year and as Canada enters its next 100 years, we Canadians must all take a personal interest in the kind of constitution we should have to serve us in building a Canada that will flourish and endure.

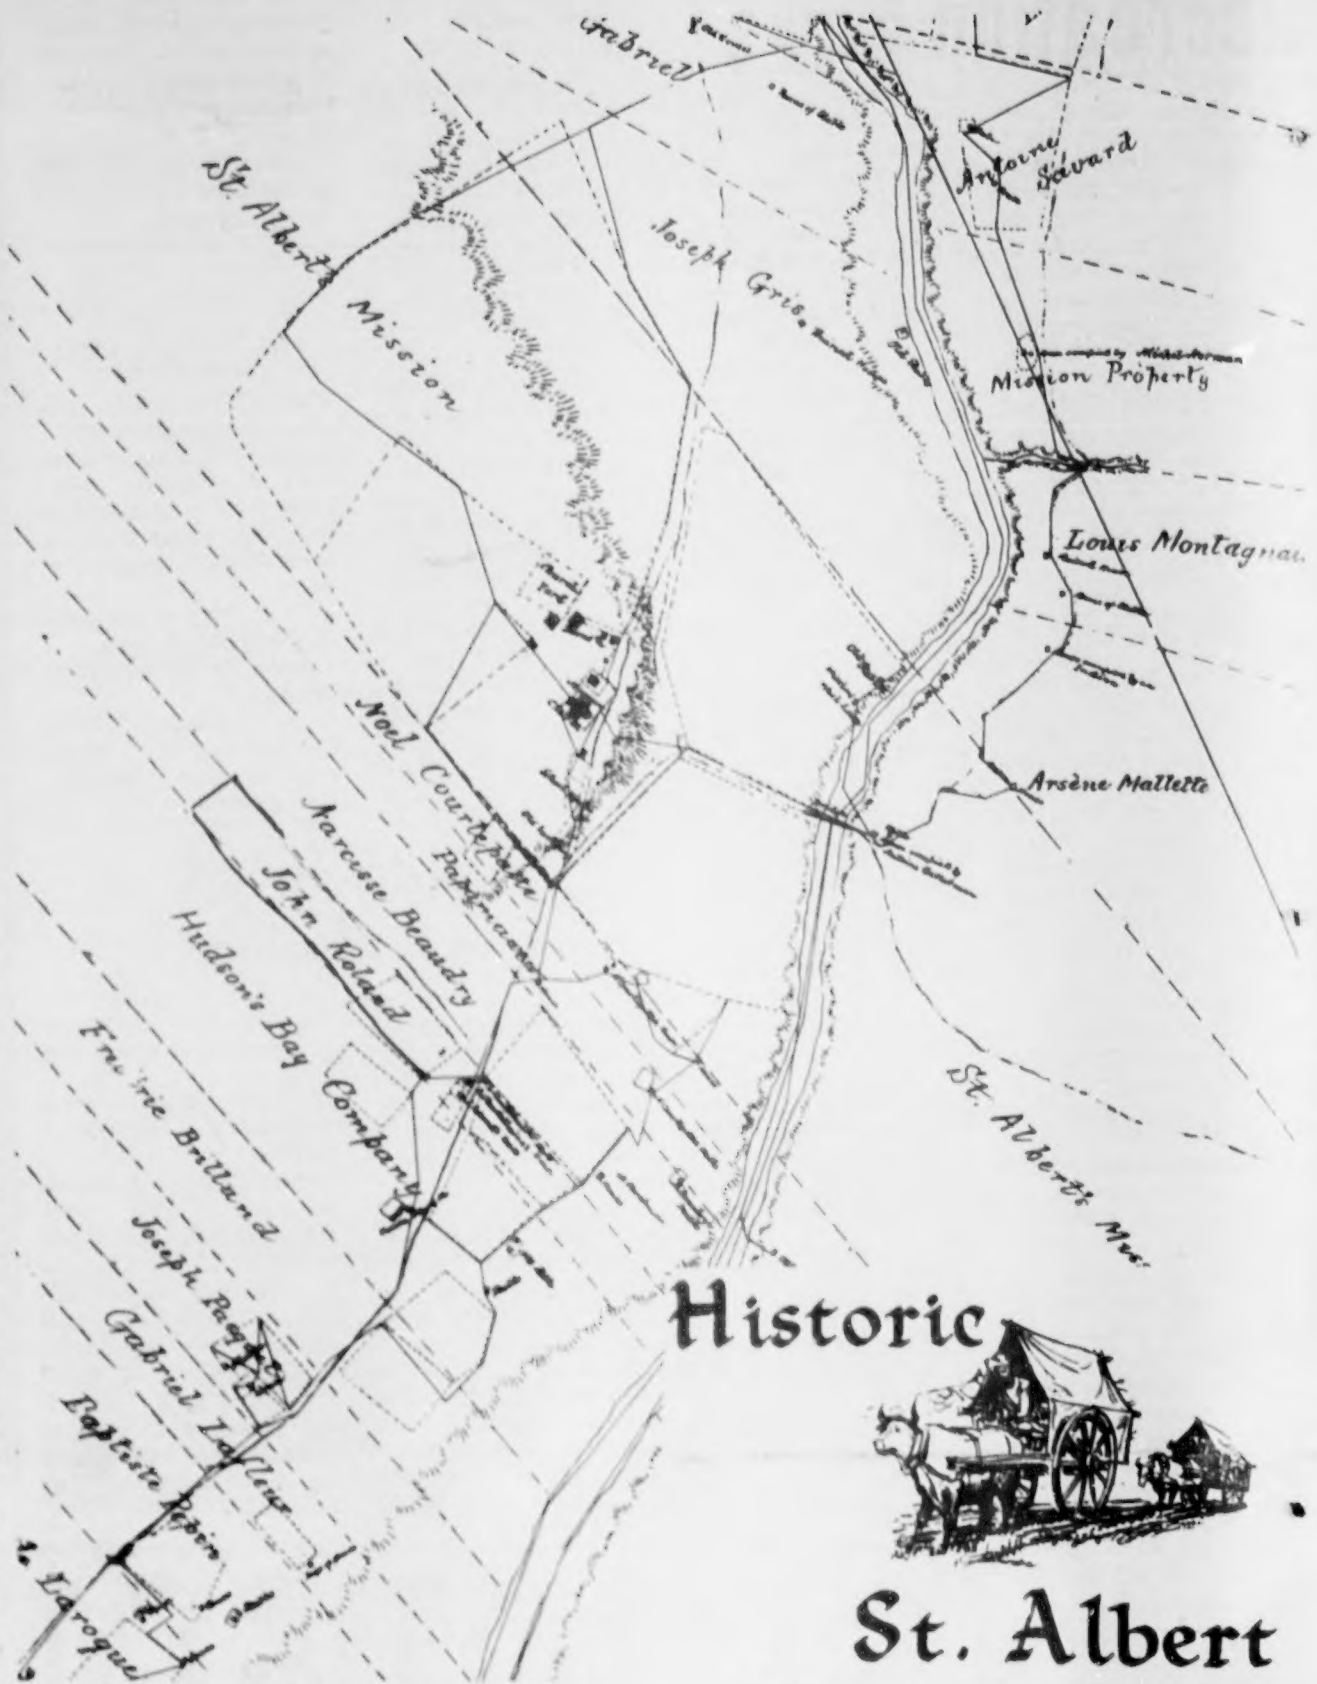

Comments

by Robert Russell.

I find myself in agreement with Peter Loughheed's recent suggestion that Federal Elections should be held on a specific date every four years. While he was advocating this practice for sake of convenience there is a far more vital reason for adopting this practice. The factor of parliamentary responsibility.

In these days of minority government a backbencher of the party in power is constantly faced with this dilemma. He does not personally support his government's bill, but at the crucial vote, should he vote against the bill and defeat his government or vote for the bill against his better judgement and, in some instances, against his own constituency.

No elected member of parliament or provincial legislature should have to make this choice. It is easy to say that one must always vote for his constituents but he is faced with the prospect of his government's defeat and an expensive election campaign upon which

We interrupt Historic St. Albert series on the activities of Father Lacombe in 1867 this week to trace the background of a St. Albert resident family who were settled here 100 years ago. If you know of other people in St. Albert who had ancestors here in 1867 we would be pleased to hear from you at P. O. Box 263, St. Albert. Next week we continue the story of the Black Robe Voyageur as he endures a hard winter 100 years ago.

Louisa Belcourt from early family

Mrs. John (Louisa) Belcourt was born August 10th, 1878 at St. Albert, the daughter of John and Sophie Chateline Rowland who first came to St. Albert 101 years ago in 1866.

Mrs. Belcourt is the first descendent of settlers proven to be in St. Albert 100 years ago to be located and verified by Mr. Jim Drysdale as part of his centennial project of tracing such people, in order that they may be recognized during centennial year. Miss Theresa Gagnon volunteered to assist in the project and interviewed Mrs. Belcourt to trace her family history.

Mayor Fowler presented Mrs. Belcourt with a lovely photograph of herself on behalf of the town of St. Albert and she is also eligible to receive a suitably inscribed scroll which the town will be presenting to citizens whose families were here in 1867. The Mayor congratulated Mrs. Belcourt and spoke of the debt we owe to our first settlers when he made the presentation on the evening of July 17th at the town hall.

Mrs. Belcourt's father settled on one of the river lots shown on the surveyors sketch dated 1878 and notation on the sketch shows houses for John Rowland (spelled Roland in

error) and L. Chateline on the property.

John Rowland was born in 1831 at Norway House and his wife (Mrs. Belcourt's mother) Sophie Chateline was born in 1836 also at Norway House. The couple were married in 1852 and moved to Fort Pitt, Saskatchewan, where 3 children were born, but all were deceased when they moved to St. Albert in 1866. Eight children were born in St. Albert, Mrs. Belcourt being the second youngest. A sister, Mrs. Amelia Cunningham, age 93, now living at Youville home, also has many descendants living in St. Albert.

Mrs. Belcourt's grandfather, William Rowland, came from Edinburgh, Scotland as a young man and married a Betsy Valentine at Norway House. They had a family of fourteen. Her maternal grandfather was Louie Chateline who came west from Montreal, and Mr. and Mrs. Chateline were frequently the hosts of Father Lacombe who stayed in their home whenever he was in the Norway House area.

As a young woman Mrs. Belcourt worked for the Hudson's Bay Company at Lac Ste. Anne where she met her first husband, George Fraser. There were two children born to this marriage and Mr. Fraser died in 1904. She was remarried in 1907 to John Belcourt and they had six children, four of whom are presently living in St. Albert. In all Mrs. Belcourt has eight children living, 31 grandchildren and 21 great grandchildren.

A rainbow for Canada

by Patricia Hamilton.
A man passed this way in 1812 who left a definite mark where ever he stopped. He was a small, fair haired trapper and trader from Missouri. With him were his wife and a great many children. His name was Mr. Hames, which tells us nothing, but, his first name was Jasper. Edmonton's Main Street, the magnificent National Park and the Yellow head Pass all remember him. In the old West men were known by their last names so one wonders about Jasper Hames. His blonde goodlooks and vital, commanding personality may have prompted people to address him by his first name. Or perhaps it is because he named his trading posts "Jasper". After leaving Edmonton and his "Jasper Post" he moved his family into the Mountains. There he opened a new trading post which can still be located on old maps as "Jasper House". Some years later he moved his family once again. This time they went westward, through the Yellowhead Pass and down the boiling Fraser River on a raft. They didn't get far. The raft capsized and they were all drowned. He

left no diary and only memories which have grown into legends are left to tell us of the unusual Jasper Hames. Sometime ago I listed numerous rules and menus which tell us something of Alberta's first hotels. A reader has sent in along list of regulations that were posted in Harry Taylor's Macleod Hotel in the 1860's. Harry Taylor was one of Alberta's most colorful pioneers. He had the dubious honor of being the first man arrested when the N.W.M.P. arrived in Alberta. The police also confiscated an entire load of Harry's smuggled whiskey and he never forgave them. However his hotel was in the N.W.M.P. headquarters town of Fort Macleod. The motto over the door stated, "In God we trust, all others pay cash, please." If any one complained that the towels in his room weren't very clean, Harry would announce haughtily that 20 others had used them with out complaining. Meals were not guaranteed to be edible but assaults on the cook were strictly prohibited. Something that made meals even less attractive was the rule that everyone had to be out of bed by 6 a.m. so the sheets could

be used as tablecloths for breakfast. Insect powder was available at the bar and if you ate a candle you'd have to pay for it. Baths were free - in the river and you could rent a bar of soap. Only one dog to a bed was allowed but if the management requested it, two or more persons had to bunk together. Quarrelsome, drunk, or shot-dead persons were asked to leave immediately and in case of fire all guests were requested to escape with out delay. AND - no spitting on the ceiling!

Corporal George Kemp, son of Mr. and Mrs. Alfred Kemp, 6 Birch Drive, St. Albert, with the first battalion, Princess Patricia's Canadian Light Infantry, will be touring the province with the Alberta Armed Forces Caravan during its centennial tour in August and September. They will make their first appearance in Spirit River on August 2nd.

Morinville Memos

Mr. and Mrs. Hormidas Boissonnault have returned from a trip by train to the west coast. While there they attended the wedding of Miss Simonne Labbe, daughter of Mr. and Mrs. Leopold Labbe of Maillardville. They also visited Mrs. Boissonnault's brother, Mr. Hector Ethier at Clearwater, B.C. as well as toured Vancouver and Victoria. They were accompanied by their guests, children, Billy Letendre and Helene Willard. This was the first trip outside the district for the children who enjoyed every hour of the trip.

Mr. and Mrs. Arthur Krauskopf also have returned from a two weeks motor trip to the west coast. By the number of travel stickers on the windows of their station wagon, they sure did not miss many places between Morinville and the Pacific Ocean.

Recently Mr. and Mrs. Napoleon Brisson and their six children moved to St. Albert where they occupy their modern new home at #8 Stanley Drive. We will miss the delightful musical contributions that Chantal, Therese, Agathe and Denis

used to make to our community.

What happens when you have a former classmate call at your home and who does not know who you are? On Monday, July 17th, Mr. and Mrs. Armand Soumis from Abitibi County, P.Q. called at the former home of Mrs. Soumis, grandparents in Morinville. When told that his wife's parents used to live in the residence your reporter got curious and went to greet her visitor, who turned out to be the former Blanche Riopel of Morinville. It had been 39 years since we had met or seen each other. Mrs. Soumis is visiting her sister Mrs. Adalbert Boissonnault and many other relations in the district. It has been eight years since

her last visit to the west. Welcome back home, Mr. and Mrs. Armand Soumis.

Congratulations to the new slate of officers of the Morinville Lions Club who took office on July 1st. President Lion Zed Storey, 1st vice-president; Lion John Kaup, 2nd vice-president; Lion Vince Curtis, 3rd vice-president; Lion Frank Brennes; honorary president; Lion Ed Vervynck, secretary; Lion Art Stapleton, treasurer; Lion Maurice Perras, 1st year directors Lion Chuck Gagne, Lion Ralph Thomas, 2nd year directors; Lion Jim Rousseau, Lion Garnet Wiley, tall twister; Lion Pete Gibault, Lion tamer, Lion Tiger Riopel.

Morinville and district is happy to welcome Dr. and Mrs. G. V. Korompay, who are making their home in the former Nap Brisson residence on west main street. Dr. Korompay a veterinarian with much experience, is fast becoming acquainted in the district. He has kindly volunteered to publish articles from time to time in the Gazette that will be most timely and of good value to all farmers.

Morinville Council June meetings

Councillor Blackburn moved that Mrs. Lorraine St. Laurent be appointed Enumerator to compile Supplementary Voter's List in accordance with Section 112 (1) of the Town and Village Act.

Council discussed the necessity of a second regular Council Meeting date.

It was moved that a second regular monthly Council meeting be held on the fourth Tuesday of each month at 8:00 p.m.

A delegation from the Bld. of Trade, Messrs. Wozny, Gaston Kremer and Gus Meunier called on Council as to the proposed annexation to the Town.

Delegation was advised that the annexation is being reviewed by Edmonton Regional Planning Commission.

The delegation also discussed with Council the storage of machinery on the S.E. quadrant of the diamond interchange. Council pointed out to the delegation that although the Town was objecting to the storage of machinery in that area, it had no jurisdiction to force removal of machinery.

Sketch Drawing N, CCI0 of proposed extension to gas system on Forget Avenue from Montcalm Street to Cul-de-sac as submitted by Plains Western Gas was discussed by Council.

Secretary was instructed to advise Plains Western that since there is an existing line and that further development is expected in the area in the near future, that they consider placing the gas line in the lane.

M.D. Council to Borrow \$400,000

The Municipal District of Sturgeon council voted to pass a by-law to allow the borrowing of \$400,000 to cover the operating costs of the MD until such time as taxes levied can be collected. By-law No. 43-67 received three readings at the meeting of council held on June 15, 16 and 26.

Council will borrow the money from the Royal Bank of Canada in Morinville with interest rates not to exceed 5 and 3/4% per annum.

Tenders received on the purchase of four fire fighting apparatus from the following companies: King Sea graves of Red Deer, Saskatoon Fire Engine Co. Ltd., of Calgary, Silver Line Fire Equip. Ltd., of Vancouver, were opened. The above mentioned tenders will be referred to the Fire Protection Committee for study and recommendation.

Mr. Kluthe, chairman of the Fire Protection Committee invited the fire chiefs of Legal, Gibbons, Morinville and St. Albert, to attend a meeting of the Fire Protection Committee on June 23 in the Council Chambers at Morinville to study the tenders received.

The Fire Protection Committee will contact the various Municipal Authorities

in regard to a policy on fire calls, services and charges.

Flooding Problem N. W. 20-57-23-4. Messrs. Jerram and Cochrane had agreed to pay 50% of the cost involved provided that the project was approved by Water Resources and the other 50% of cost to be paid by said Department. He assured the members that all parties affected by said proposed drainage scheme are in agreement with the proposal.

The council will apply to the Water Resources Division for a survey, profiles and cost estimates on the Jerram and Cochrane Drainage complaint.

Supreme Real Estate - Drive in Theatre proposal on 40 acres north of 137 Ave. and east of 142 St., Mr. T. L. McGuire of Supreme Real Estate requested council to reconsider its refusal of the development as he had additional information to the said development. He was assured by the council that this information would be reviewed on June 30.

Gibbons Road East - Mr. Bevington informed the Council that he encountered difficulties on obtaining land purchase agreements from owners of seven parcels of land.

The council will commence expropriation procedures on the owners of land that have refused to accept the offer made or who have not signed the land purchase agreement in regard to the road east of Gibbons and that the required notices be sent to said property owners advising them that the necessary Expropriation By-Law will be presented to the council at the July 13 meeting.

The Public Relation Committee informed the Council that it had met with the Sunnyside Farmers Hall Board of Directors in order to discuss the case at hand. The committee stated that it had made no offers nor any commitments to said board.

The council will make an offer of \$500, to the Sunnyside Farmer Hall Board of Directors to financially assist the board to have said hall removed from its present location to the east boundary of the Sunnyside Farmers Hall's property, provided this offer is without prejudice and not to be construed as an indication of the municipality admitting being at fault and furthermore that no payment be made to the directors until the said building is moved on to the location as stated above.

The Public Relations Committee reported to the council of its recommendations to the Alberta Association of Municipal Districts in regard to the Bill No. 50. Council approved.

SPEEDWAY PARK - The committee reported that it had inspected the site of controversy on 137 Ave. with Mr. Rye but the city engineers were not present as had been arranged. The members informed the council that the city department had presently barricaded the area in front of Speedway Park Drag Strip, exit onto 137 Ave. Mr. Booth and his associates interviewed the council on the existing exit problems. Mr. Booth stated that he had requested the city engineers to cut the curb south of the drag strip so that the exit traffic would be able to drive onto 137 Ave. but this was refused. Presently the curbs allow an entrance to 137 Ave. from 135 St. and 140 St. The council assured Mr. Booth that the city would be contacted. If permission is not granted to have the curb cut immediately south of the drag strip then the M.D. portion of 137 Ave. would have to be gravelled and graded so that the traffic leaving Speedway Park by the strip exit will be able to travel on said portion up to 135 or 140 St. curb entrance to pavement then proceed westward to highway #2.

BON ACCORD GIRL

The delegate to Newfoundland, Norma is an active 4-H member who has held all executive positions during her years as a member of the Bon Accord Clothing Beef, and Garden 4-H Clubs. Last year, she attended the Provincial Public Speaking Competitions and placed second. Norma has also won the Provincial Garden Vroject book competition.

Selected on the basis of individual leadership abilities and records of 4-H achievement, the Alberta 4-H winners left for their host provinces by air on Tuesday, July 11, following a day in Edmonton as guests

of the Alberta Department of Youth. There, they toured the Legislative Buildings, met the Hon. R. C. Clark, Minister of Youth; C. L. Usher, Deputy Minister of Youth and M. H. Jaque, Director of 4-H Clubs and Junior Forest Warden Branch, Alberta Department of Youth. In the evening, they were guests of honour at a government banquet in the Chateau Lacombe.

On arrival in host provinces, Alberta 4-H members will live with rural families and take part in local 4-H activities. They will have an opportunity to observe agricultural practices and visit points of interest in the areas in which they are visiting.

The Fuchs family arrived in the old home town in time to enjoy the Frontier Daze parade. Both Mr. and Mrs. Fuchs were deeply impressed by the calibre and number of entries for the size of the town. They have seen some of the largest parades in many capitals of the world.

The visit home was a special occasion, as the first family reunion in many years was held at the home of Mr. and Mrs. Fuchs Sr. in Morinville. Besides, the visitors from Australia, Corporal Norman Fuchs, R.C.M.P. and family came from Nelson, B.C. to join Miss Mary Fuchs and Miss Janice Fuchs both from Edmonton and brother Lawrence at home to make it a complete family.

Mr. Fuchs was born in the Morinville district and attended Thibault School with Sister Amedee, FdJ., as principal. He left Morinville in 1943, at the age of 18 to take a course in engineering at the U of A. From there he registered at the U of BC., where he graduated in geology in 1957.

After graduation, Hubert Fuchs joined Pan American Petroleum Corp., and has received several important promotions since. He specializes in oil research data

and processing. In 1951, Mr. Fuchs married Miss Doreen Pettet, Edmonton, and they moved to Calgary in 1963.

Mr. Fuchs joined a sister company, Amoco Explorations of Australia, in 1966 and flew to Sydney with his family where they are now making their home. For this year's world tour, the Fuchs family left Australia at the beginning of May and visited Hong Kong, Bangkok, Cairo, Athens, Venice and London. While in London they saw Queen Mother Elizabeth and they also met King Constantine and his Queen while in Greece. They visited Paris and Rome and also attended Mass in St. Peter's Basilica and visited the Sistine Chapel. They had an audience with Pope Paul VI while in Rome.

In all, by the time they have returned to home base, Sydney, Australia, the log travelling book of the flying Fuchs family reads 37,500 miles and 85 flying hours in all kinds of flying weather, and stopping in all major parts of the world.

All the children are good travellers, and even Lisa knows when the seat belts have to be fastened and is very patient waiting for costumes. The three children of school age have daily school assignments to do, and feel the knowledge obtained from their world travels is worth a full term in the classroom. It was a surprise to find how knowledgeable both David and Karen were on customs in different countries, and how observant they both were on the attitudes of different people where ever they went.

When asked what the major differences are between Canada and Australia, several were mentioned and

explained by the Fuchs. Both Mr. and Mrs. Fuchs were surprised by the greatly changed sky line of Edmonton and the vast expansion of the city.

Christmas in Australia is in the middle of summer, as Australia is below the equator. The temperature may be anywhere from 90-125 above zero. There are many imported Canadian and American evergreens for sale, and a kind of native pine that is also available. There is native turkey for Christmas

dinners, as well as imported birds to grace the dinner table. Christmas day is mostly spent at the beach for a great many. Midnight masses are celebrated in Catholic churches with English and native hymns.

There is no Halloween in Australia. Mother's Day is celebrated in May. Father's Day in September. Armistice Day is called Anzac (Australia-New Zealand

MD Council Briefs June 15 meeting

Under previous business the Municipal District of Sturgeon Council moved to erect road signs on 127 St. from the city limits north-erly eight miles to read as follows: "No Horse Riding Allowed on Travel Portion of Road."

A letter from Reed, Shaw and McNaught was heard on costs of insurance on Re-placement Value and on De-preciated Value. Insurance on Replacement Value would cost an additional \$1,820, premium on three year's coverage and Council moved not to change its present coverage on depreciated value.

Mr. Bevington advised Council that he had obtained agreements from all land owners except the following land owners: S.W. & S.E. 13-56-22-4, S.W. & S.E. 18-56-21-4, N.W. 7-56-21-4, N.W. 11-56-23-4, Pt. S.S. 14-56-23-4, and Council moved to start expropriation procedures on the above mentioned property owners and that the necessary by-law be presented to the Council at the July 13 meet ing.

Mr. Walker reported to the Council of his meeting

Mrs. Romeo Froment and Mrs. Jeannette Champagne did enjoy their trip to Expo and now are visiting all the maritime provinces.

with Mr. Gully, C.N.R. Eng. on June 13, 1967, re the proposed plans of the C.N.R. spur line from Fort Sask-atchewan to Imperial Oil plant. He informed the Coun-cil that the C.N.R. consul-tants will be submitting said plans to the Council on June 16, 1967, for approval.

GRAVEL LEASE

Pt. S.W. 25-55-22-4 & Pt. N.W. 31-55-21-4, Messrs. Jim Forrester and M. Pet-erson of Apex Gravel at-tended the meeting in regard to leasing the above des-cribed Municipal District lands for gravel develop-ment at \$200. per year for land use plus .25¢ per yard

as royalty. Mr. Peterson informed the Council that it cost this Municipality ap-proximately \$500. to have a gravel test of the area in question.

Council authorized the Public Works Committee to investigate gravel deposits and to hire the necessary equipment to carry out a gravel test.

Mr. Hillman submitted a brief report on his inspec-tion of home trailers through out the Municipal District. He stated that generally speaking the majority of trailer owners were co-operating by purchasing their licenses.

Council discussed policies re interchange of police services with the Town of Morinville, the Council authorized the Public Relations Committee to contact the Town of Morinville Council in order to discuss policies regarding interchange of police services and that attempt be made to better the relations.

R. Zander and two councillors of the Stony Plain M.D. interviewed the council in regard to the maintenance of their road on 156 St. from the MD boundary to 118 Ave. by this municipality road grader. They stated the MD of Stony Plain is prepared to pay the MD of Sturgeon government rates for the motor grader maintenance of the 1/2 mile of road in question. The delegation also assured the council that Stony Plain MD. would re-gravel the said road in question whenever it would be recommended by the Public Works Committee of Sturgeon. Council instigated an agreement regarding this Drainage Problem S.W. 15-56-22-4, Mr. and Mrs. Martin Hirsch, accompanied

by their solicitors, L. R. Cunningham, attended the meeting in regard to the flooding problem on the above described parcel of land. The council questioned Mr. Cunningham in what way was this municipality involved legally as this was a civil case between Mr. Hirsch and Mr. Lamoureux. He stated that it was his client's wish that the municipality clean up the existing road ditch going north from his property. Mr. Bevington informed the council that to his opinion, the water would definitely not flow northerly even if the ditch was cleaned out, nor has the water ever flowed northerly. Stewart, Weir, Stewart and Watson will draw up levels on the above mentioned water drainage problem.

Seed Plant project names farmsites

A centennial project, which has promise of being adopted on a provincial scale was launched this week when Archie Cameron, vice-chair man of the board of directors of the Morinville Seed Plant, presented the first Farm Gate Sign to Tony Rustemeier.

The Morinville Seed Plant has, as their centennial project, arranged to provide each of their farmer patrons with a gate sign bearing their names. Some 500 signs are presently completed and patrons may call at the plant to pick up their individual signs.

In deciding on this particular way of giving recognition to Canada's centennial, the board felt that since one of the slogans for the

year was "Know Canada Better," a project which would enable local people know one another better would be a logical one. With each farmer sporting a gate sign everyone travelling by will be aware of who resides there.

The Seed Plant board announced their intention of launching this project at a Provincial and Regional Seed Plant Convention and many seed plants indicated interest in the idea; so before the year is out every farm in Alberta may have a gate sign similar to those provided by the Morinville Plant.

Archie Schneider, Mayor Henry Ramsay presented ribbons to all members of

the 4-H members including the two pee wee members, Denis St. Laurent and Hal

Schneider, who have calves but are too young to enter competition this year. Mr. Stanely Powers D.A. was in charge of the program.

Legal Locals

Just a little reminder that you are all cordially invited to attend our Fete au Village Saturday, July 29th and 30th. Fun and entertainment for everyone.

Have you noticed that the town has put up a new Welcome Sign as you enter Legal? Really quite attractive!

Twelve couples from Legal dressed in their Fete au Village attire, and the charming candidates participated in the Edmonton Klondike Days Parade last Thursday. The Legal group were really pleased by the great applause the public gave them all the way on the parade route.

"We've got it made Gang"

A great number of people across Canada will be getting a sample of Legal's Fete au Village, theme, costumes and the lively citizens of our community on CBC T.V., in early August. Fourteen couples travelled to Klondike Village on the Exhibition grounds Saturday to perform before the Eastern CBC cameras. Those of you who have colored television will enjoy it even more because of the colorful costumes.

We hope to have a definite date and time to forward next week for those who are interested.

Doctor Dumaine will be absent for the next two weeks but Dr. Gokiert will be coming Fridays.

Mr. Gaston (Pete) Prefontaine is a patient in the General Hospital. We wish you a speedy recovery.

MR & MRS PATRICK KEANE

Keane-Rivard

St. Emile's Church, Legal was the setting for a beautiful summer wedding July 15 when Lorraine Rivard, daughter of Mr. and Mrs. Eddy Rivard exchanged vows with Patrick Keane son of Mr. and Mrs. Allan Keane all from Legal.

Father Ricard met the future couple at the church entrance and blessed them.

Father Ricard was officiating at Mass before an altar banked with mixed bouquets.

The wedding music was played by Miss Michaelina Montpetit and soloists were Miss Bertha Montpetit and Mrs. Marie Douzleth from Edmonton.

The bride given in marriage by her father wore a beautiful floor length gown of silk organza over taffeta. Her bodice was of pearl beaded chantilly lace with scooped neckline and lily point sleeves. Her scissor skirt had a pearl beaded chantilly lace panel in front. Her court train falling from her shoulders had a lace panel with beaded appliques. Her matching shoes were of white nylon lace. Her short veil was held in place by a crown of Aurora Boreales crystal. She carried a bouquet of red roses and lilies of the valley.

Maymie Keane, groom's sister, was maid of honor, bridesmaids Jeannette French, cousin of the bride and Lee Perreault friend, wore identical shrimp Satapeau floor length gowns with empire waistline, with lace trim, round neckline with soft flowing train from shoulders, and matching shrimp slippers.

Flower girl was petite Agnes Rivard, bride's only sister and she wore a dress identical to the bridesmaids. They carried nosegays of tinted shrimp carnations and white mums.

The groom's attendant was Mr. Raymond Rivard and best men were Gerald Keane brother of the groom and Eddy Montpetit.

Ushers were Jimmy Montpetit and Norman Rivard.

Following the ceremony a banquet was held at the Legal Community Centre with some 270 guests and approximately 400 attending for the evening reception and dance with Mr. Walter VandeWalle as Master of Ceremonies.

Mr. Dixon Keane, uncle of the groom with a few well chosen words proposed a toast to the bride.

Namoo flower show

The Namoo U.C.W. will sponsor the Namoo Centennial Flower Show on Wednesday, August 23 at the Namoo Community Hall. There will also be a tea and home baking sale from 2:30 4:30. Refreshments and bake sale from 7:00-9:00 p.m.

Prizes will be awarded to first place winners in each class. Trophies are awarded in several classes such as novice, best glad etc. An aggregate trophy is awarded on total points basis.

As a centennial special there will be a display of antiques and relics.

Anyone wishing more information or a list of classes please contact Mrs. Hodgins, R.R. 4, Edmonton, Phone 799-5671.

M. D. COUNCIL ... CONTINUED FROM PAGE 3

J. McDonnell of the Sturgeon School Division No. 24 asked council to consider endorsing a resolution which his board is to present at the School Trustees Convention next fall in regard to the Supplementary School requisition mill rate which the Power and Pipe Lines are not contributing to, at the present time. The resolution will ask the provincial government to amend the present legislation so that Power and Pipe Lines are not exempt from paying School Supplementary mill rates. Council strongly supports and endorsed the Sturgeon School Division No. 24 resolution.

The council agreed to allow summer holidays to the following: R. Stack two weeks, A. Champagne two weeks from July 1st; R. Kleser one week, from July 1st.

Mr. Van de Walle, chair man of the Public Works Committee, read to the council the committee's report:

Drainage complaint - sections 28, 29, 32, 33-55-

24-4, Bland, Ricard and McLaughlin - The committee recommended the following action on the said complaint: (1) Install one 24" culvert crossing the road between sections 32, 33-55-24-4 with a trap on the west end to carry the water from the east to the ditch on the west side. (2) That the Superintendent negotiate with Mr. Anton Rustemeier N.E. 29-55-24-4 for the purchase of one rod of land on part of the east side of his property and the municipal district to construct a ditch according to the Water Resources Survey Plan dated May 20, 1964, File No. C-15 and letter dated Sept. 21, 1964. Public Works Committee to proceed with the work in accordance with the above mentioned recommendations.

The council agreed that hard rock tires be installed on the new No. 621, Caterpillar Motor Scraper and that similar tires be installed on the front of one of last year's No. 621 Motor Scrapers.

AUSTRALIAN FAMILY

Continued from Page 2

Army Corps) Day celebrated April 25th. Australia Day is celebrated on January 25th. In place of Halloween, Mad Hatter's Day is held every year. Everybody wears a crazy hat and every school holds school parties on that day. The Royal Easter Show at Easter time is their big festive days, like the Calgary Stampede, Klondike Days as in Alberta.

Cricket and football are the two most popular national games. There is skating with artificial ice in many large cities and the roller game is their form of hockey. The arts are patronized and cultivated to a very high degree. In Sydney, with a population of two and one half million live theatres, ballets and operas of a very high calibre are very popular. Both students were very enthusiastic about the Australian school programme.

What about next year? Mr. and Mrs. Fuchs have not yet prepared their travelling itinerary, but after returning home via Vancouver, Hawaii and the Fiji Islands, they will still have many places that they wish to see and many people that they would like to get acquainted with.

"Most of the people are very friendly" said David, "they are ready to help us where ever we go. I enjoy travelling and we learn so much better from meeting people from other countries than from geography books."

P.S. HUBERT: By the time you get your complimentary

copy of the Gazette, sent to you airmail, you will be enjoying winter in Australia

On behalf of your many friends in Morinville, thanks for dropping by. It was nice to meet your gracious wife Doreen, and five lovely children. Until you come again, happy landings in your future travels.
